#### DYE CENSUS PREPARED BY GOVERNMENT TELLS OF OVER 8,000 DYE STUFFS

New York, October 6.—A dye census containing information about 8,000 dyestuffs, said to be the first publication of its kind distributed in any country, made public the other day at the national exposition of chemical industries, by Dr. Thomas H. Norton, dye expert of the Federal Bureau of Foreign and Domestic Commerce.

More than 37,500 items of dye imports under 5,670 heads, which have come from Germany, Switzerland, England and France, appears in the census list, obtained by Dr. Norton's staff through co-operation with the Secretary of the Treasury. Dr. Norton said in one year the United States imported 25,700 tons of artificial dyes, of which 22,000 tons came from Germany, while today nearly all this is being obtained in this country from coal tar products. Chemists, dyemen and manufacturers appear eager to scan the list. General distribution of the census will begin in about two weeks, it is said.

The abnormal growth of the chemical industry in the United States, which is now reputed to be the second to the steel industry, was illustrated in one case by J. F. Schoellkopf, Jr., of Buffalo, who said at a meeting of the American Chemical Society here that before the war his firm made 3,000,000 pounds of dyestuffs a year, while 100,000,000 pounds a year are now being turned out.

During a discussion of steel manufacture by the electric furnace method compared with the old open hearth process, Prof. Joseph A. Richardson, of Lehigh University, predicted that in five years, when the electric furnace steel makers have required more experience, that method will supplant the old one.

A resolution directing the society to ascertain if American manufacturers could not supply the Bureau of Printing and Engraving at Washington with the dyes which it is still contracting for in Germany, was adopted.

Alcohol, used in the manufacture of high explosives, is now being made from Louisiana molasses, or blackstrap, as it is called. So great has been the call for this sticky commodity that the price is now about four times what it was two years ago.

A ton of Campeche logwood, which is the best, is worth \$200.

#### IT'S SURPRISING That So Many Maysville People Fail To Recognize Kidney Weakness.

Are you a back ache victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys. It's surprising how few know what to do. Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only. Have convinced Maysville people of their merit. Here's a Maysville case; Maysville testimony. Kidney sufferers hereabouts should read it.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and other symptoms of kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. Doan's Kidney Pills gave me quick benefit. When I have had slight return attacks of backache, Doan's Kidney Pills have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER. Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

A piece of bog in the western cove of Highland, Eridgton, Maine, about large enough to make a little island, has broken off and is floating around the head of the lake. Trees from 12 to 14 feet are growing on this "floating island" and it is proving a menace to the many craft on the lake.

The bark of black oak or "yellow oak," as it is often called on account of the color of the inner bark, is now used for dye-making.

#### SULZER'S PARTY TO SUPPORT HUGHES AND McCOMBS

New York, October 6.—The American party, organized in 1914 by William Sulzer, former Governor of New York, plans to take an active part in the present campaign, it was announced here tonight. Mr. Sulzer asserts that this party has definitely decided to support the entire Democratic ticket until it is "double crossed" recently by Democratic leaders who were entrusted with petitions to be filed and failed to file them.

Now, he says, the party will support the National Republican ticket and a part of the state Republican ticket. William F. McCombs, nominee of the Democrats for the United States Senate, will be favored, however.

#### THERE SHOULD BE NO ACTION UNDER PRESSURE, UNDER DICTATION.

"We have one priceless treasure in this country, and that is the reign of good judgment after public discussion. In the long history of the people, victory after victory has been won over tyranny and force. We have a free press, we have a free form of public discussion, to the end that there may be a general understanding of our activities and a general appreciation of what is necessary to the improvement of our conditions. We may disagree about this measure or that, but we have confidence in the public judgment in the long run. Hence there is one thing which we must always maintain, and that is that there shall be no action on the part of our elected representatives, taken under pressure, under dictation. We must know what the facts are and what justice requires."—Mr. Hughes in His Speech at Portland, Maine.

#### HAS GREATEST YEAR—YOUNG VILLE AND NASHVILLE ANNUAL REPORT SHOWS BIG GAINS

Louisville, Ky., October 6.—The Louisville and Nashville Railroad Company closed the greatest year in its history on June 30, according to the report of President Milton H. Smith, at the annual stockholders' meeting here today. Its gross operating revenues for the fiscal year were \$60,317,993, an increase of \$8,711,978 over the previous year, and \$411,526 over the year ending June 30, 1914, the best previous record.

The net income was \$13,953,849, an increase of \$9,093,707 over the previous year, and equal to 19.38 per cent of its capitalization of \$72,000,000. The corporate surplus at the close of the year was \$53,365,314, as compared with \$44,096,557. The report dealt exclusively with figures and was barren of comment.

The stockholders made but one change in the directorate. George B. Elliott, of Wilmington, N. C., was chosen to fill the vacancy caused by the death of William J. Dickinson, of New York.

#### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
